Why the EvH RWL?	The EvH RWL is the largest protestant institution of higher education in Germany. It qualifies its students for professions in the social and healthcare sectors, in church education work, and in the diaconate. The EvH has a clear protestant profile – yet at the same time it promotes cultural diversity and inter-religious dialogue. Special focuses are inclusion and integration of people with disabilities as well as of those with migration and flight histories. Characteristic is its communicative learning atmosphere as well as its close cooperation with practice partners. With facilities such as the university chaplaincy, the special education drop-in centre, the BISS advisory and information service, the EvH RWL offers students support in all walks of university life.
Why Bochum?	Bochum is a multicultural student city with 9 universities and 57.000 students in 250 degree programmes. Once famous as a centre for European coal mining and steel production, Bochum is now widely known as a centre for education and research, healthcare management and new technologies. It is also a hub for theatre and the arts. With its lively cultural scene, attractive leisure opportunities and easy transportation links to other cities in the region, Bochum is the perfect starting point to get to know the cultures that make up North-Rhine-Westphalia.
